THE THINKING HEAD

Diego Cabrera, one of the most recognised bartenders in the world, is the leader and creative mind of this amazing and innovative project.

Joining his partners of Twist de Naranja, some of the most successful catering businesses in Spain, as the tavern Viva Madrid and the innovation space known as Guru Lab, have been created and developed, obtaining international recognition and becoming the benchmark in the world of cocktail.

One of his most exciting projects is **SALMON GURU**: a committed team of high-level skilled professionals who put all their knowledge and capability for creation to the service of a revolutionary innovative concept in cocktails and cuisine in which accuracy and rigour are trademark and motivation.

SALMON GURU Madrid is an innovative exclusive space, divided in four colourful experience rooms that offer the customers a new concept of cuisine, cocktails and entertainment with its own creations and gourmet products. That's the reason it is ranked on the 24th position of the most important cocktails bars in the world.
